By submitting this registration form it is mutually understood that details of your valued institution will be placed on the NSA website, and that NSA members will be able to make use of your range at the costs which you determine. It is also understood that the shooting range official will sign the targets of NSA members who use the range on their own.

The shooting range is not responsible to send any targets to the NSA, and is not responsible to issue NSA members with targets or step-by-step guides – that remains the responsibility of the NSA member who uses the shooting range.

All and any form of indemnity for activities at the shooting range remains the responsibility of the shooting range. The NSA will in no way become involved in any of these matters should such occur.
